adj. merry | tipsy | tiddly | soused

What does it mean?

Do you know when you are a couple of drinks in and you have that little buzz?
That is Pompette.

Why call a company that hires out table decor this?

Simple.
We want our items to give you that warm tingly buzz when you sit down at or set a table with our special pieces.

Haute Couture

OF TABLESCAPING

We work differently from your average event hiring company :

We only keep small amounts of stock for each item.*

The reason being is that we want to keep adding new items to our inventory. Keeping up with trends & demands of our discerning clientele. Supplying you with items that can not be found anywhere else.

Think special birthday dinners, bachelorette, baby showers, engagement parties, boujee book clubs, dazzling year end functions.

Intimate. Bespoke. Tablescapes reimagined.

*We can mix and match our items to increase the quantities for larger functions if the theme allows.

Hello, I am Jen!

I worked on superyachts for 10 years, learning from the best & most creative influences in both service and housekeeping.

I was lucky enough to work on some of the most elite yachts in the industry. Throwing outrageous parties and putting together beautiful tables.

Pompette was born out of a love of hosting people and a passion for beautiful aesthetics. Mix the two together and sensational tablescapes are created.

Pompette has been a dream of mine for years but I didn't quite know how to go about creating something different but still ticking all the boxes of luxury, elegance & fashion.

I love sewing, drawing and crafting so I set about designing, creating and tweaking different prototypes & ideas.

Fast forward a few months and Pompette came to life. I would love to assist you create your perfect party so please get in touch if you have any questions.
